Technical Accounting Services

Navigate the challenges associated with each stage of business growth.

The business life cycle is a continuous evolution and we can offer you support your business needs, from start-up through successful exit. Our team of cost-effective and highly-experienced professionals, including CFOs and CAOs, offers the agility and flexibility to solve all your complex finance, accounting, and operational challenges through our expert CFO advisory, finance function operational support, and technical accounting services.

Consulting & Outsourced Accounting

Limit risk, streamline your costs, and improve the quality of your financial and operational information.

From fully outsourced accounting solutions to high-level advisory and technical consulting, we provide critical financial expertise. Our managed professional service operations employ accounting and consulting professionals, best-in-class cloud based technology solutions, and best practices to implement efficient business processes and effective internal controls. We help non-profit organizations, government contractors, and commercial businesses navigate complex accounting and technology challenges.

Recruiting & Staffing

Reach your strategic business objectives through effective hiring and staffing strategies.

Our recruiting and staffing operations specialize in sourcing highly-qualified talent for professional, managerial, and senior executive level positions. We prevail in recruiting for hard-to-find permanent and interim roles in accounting, finance, human resources, contracts administration, and pricing. Our team will reduce your time-to-hire and enable you to scale your internal resources to match your unique business needs.

The Cordia Difference

EXPERIENCE

Our firm is led by financial executives, many with 25 or more years of experience as public accountants and CFOs of publicly traded, venture-backed and privately held companies. In addition, our senior team includes leading recruiting professionals with experience in accounting, finance, HR, contracts administration, and pricing.

INSIGHT

We have more than 20 years of experience in servicing over 500 clients in the Washington Metropolitan area including government contractors, technology companies, non-profit organizations, real estate/hospitality companies, and other commercial companies. This vast expertise enables us to deliver more intelligent, cost-effective solutions.

CLIENT-CENTERED

Our mission is to allow you to focus on your core business objectives, thus we listen carefully and present the most effective solutions. Through proven methodologies, a high level of integrity, and high-quality services, we prioritize the needs of our clients to help them grow their business.
